

2002 Ship Scheduling

Total Days on LOI's

Key Points

NSF calculates potentially funded work to be around 2600 days plus transits, which is about 1000 less than 2001.

NAVY days on LOI's minus around 100 days for double bookings equal about the same level as last year (~1000 days)

Waiting for PI's to be notified of funding decisions so that more realistic schedules can be prepared.

Scheduling meeting will be held at NSF on Thursday, July 19.
