Camera/Strobe System

200 W-S Strobe
remote-head

Electronic Still Camera, data-
logger, and strobe power supply

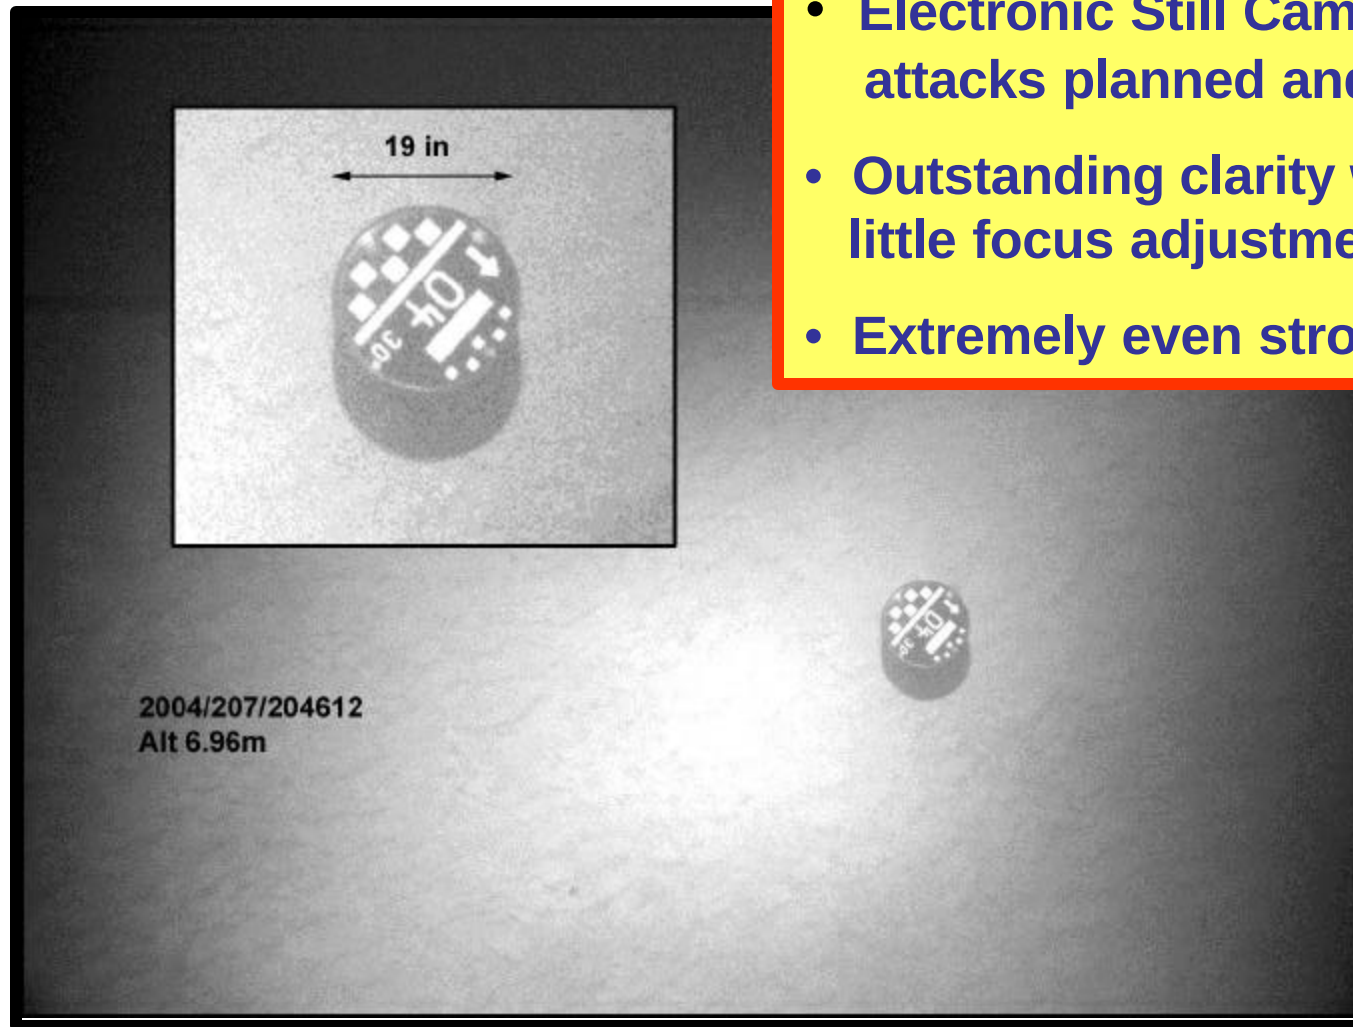

DESSC
13-14 June 2005

REMUS Camera

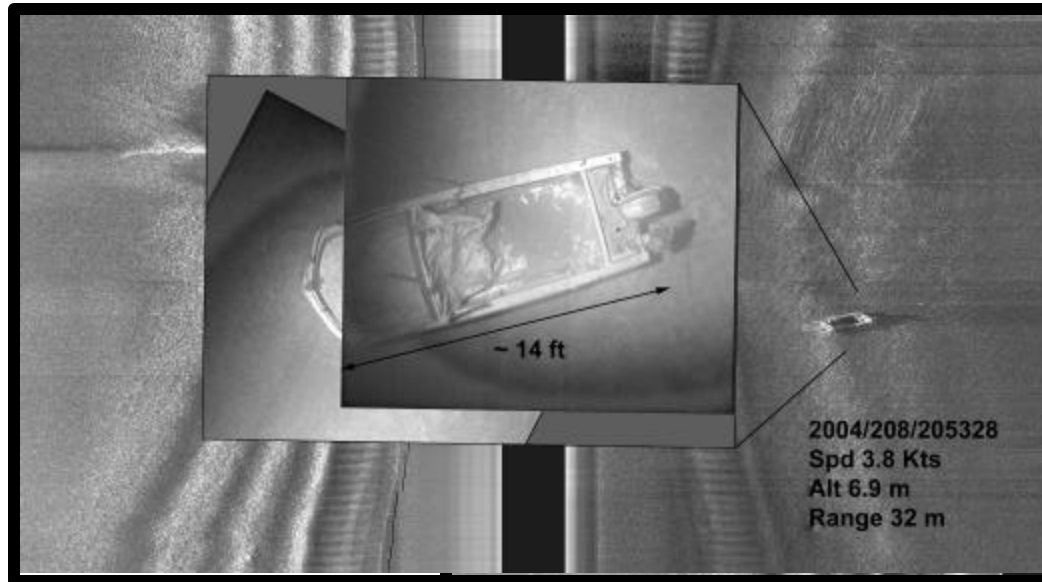

- Electronic Still Camera re-attacks planned and executed.
- Outstanding clarity with very little focus adjustment needed.
- Extremely even strobe pattern.

DESSC
13-14 June 2005

REMUS Sidescan

- Repeatedly returned to boat for imaging.
- Redirected vehicle via modem to over fly target in follow missions.

DESSC
13-14 June 2005
