

AICC Agenda – DRAFT

USCG Base Seattle – Rainier Room

Day 1: Wednesday, 11 January 2023 - 0830-1600

Day 2: Thursday, 12 January 2023 – 0830-1200

Zoom Info: will be provided

Agenda

Intro / Welcome – Laurie Juranek

Chair Report – Laurie Juranek

UNOLS Report – Doug Russell

Early Career Scientist Cruise – Laurie Juranek

2022 Ship Updates

HEALY

- Operations Review – LCDR Greendyk
- Engineering Update – LCDR Brockus
- STARC Report – ???
- C5IT Report – Tom Gomez

Sikuliaq

- Operations Review – Doug Baird
- Tech Update – Ethan Roth

SAS Cruise Report

- Carin Ashjian report

Agency Reports

- NSF
 - Arctic Science - Frank Rack
 - Antarctic Research Vessel – Tim McGovern / Mike Prince
 - Arctic Research Matrix – Renee Crain
- ONR – Rob Sparrock
- NOAA – David Allen
- NIC - ??
- USCG
 - Future Icebreaker Capabilities – CDR Baxa
 - CG Polar Policies & Operations – LCDR Tolliver

2023 and Beyond – Issues, Upgrades, and Long-Term Planning

- HEALY Mid-life Refit Update - ???
- STARC
 - HEALY Support in light of new operational model
 - Planned scientific upgrades -???
- C5IT planned upgrades – Tom Gomez
- Sikuliaq planned upgrades – Doug Baird
- NSF – projects that will require HEALY capabilities in the next few operational cycles – Frank Rack
- GO-SHIP – J. Swift/L. Talley/A. MacDonald
- NSF – outlook for continued demand for Sikuliaq support – Frank Rack

Strategic Discussion

- Working together to develop strategies to best support science program scheduling and crew planning in light of the current HEALY 2-year mission cycle
- Working together to develop long term plans of ensuring reliable, state-of-the-art science capabilities for CGC HEALY

Next Steps

- Action Item Review
- Spring/Summer AICC Meeting timeframe
